B1G Corporation

Business Trip Management System – Process Flow & Requirements

1. Business Trip Eligibility

All employees are allowed to file business trip requests.

2. Business Trip Filing Rules

Employees may file business trips **anytime**.

Approval is required before the trip is recognized in the system.

3. Business Trip Approval Workflow

Approval flow:

Employee → Immediate Superior

Manager actions:

- Approve
- Reject

4. Attendance Integration

Once approved:

Attendance status automatically becomes:

Business Trip = Present

The system should reflect the employee as **present but tagged as business trip**.

5. Business Trip Request Process Flow

START
|
Employee submits Business Trip Request
|
Input Trip Details
|

System records request
|
Send request to Immediate Superior
|
Manager Approves / Rejects
|
If Approved → Mark attendance as Business Trip (Present)
|
Record trip details
|
END

6. Business Trip Validation Logic

Date Validation

Check Start Date
Check End Date
|
Is End Date ≥ Start Date?
|
YES → Continue
NO → Reject request

7. Business Trip System Logic Table

Condition	System Action
Request submitted	Send to Immediate Superior
Manager approves	Mark attendance as Business Trip
Manager rejects	No attendance update
End date earlier than start date	Reject request

8. Business Trip Request Fields
